Home Page

Welcome to the Structural Engineers Association of Wisconsin (SEAWI). SEAWI was formed in 2009 to enhance the profession of structural engineering in the state of Wisconsin. SEAWI's goal is to join together all Wisconsin structural engineers and to address common concerns of the profession.

Continuing Improvement

SEAWI is run by a group of structural engineers who volunteer their time to bring their colleagues great events and valuable resources which we are always trying to add to and improve. We welcome all suggestions: email us at mail@seawi.org if you have any. We are also always looking for more individuals to broaden our volunteer base - please reach out to our general [email](#) or any of our [Directors](#) or [Committee Chairs](#) if you are interested in getting involved.

Upcoming Events:

2019 SEA-WI Fall Conference

November 01, 2019
9:00 AM to 4:00 PM

Our Mission*

To encourage the pursuit of excellence in structural engineering work, and give recognition to special achievements of our members.

To encourage structural engineering education and to provide information and services for the common interest and benefit of SEA-WI members.

To cultivate social contacts within its membership by closer association and better mutual understanding.

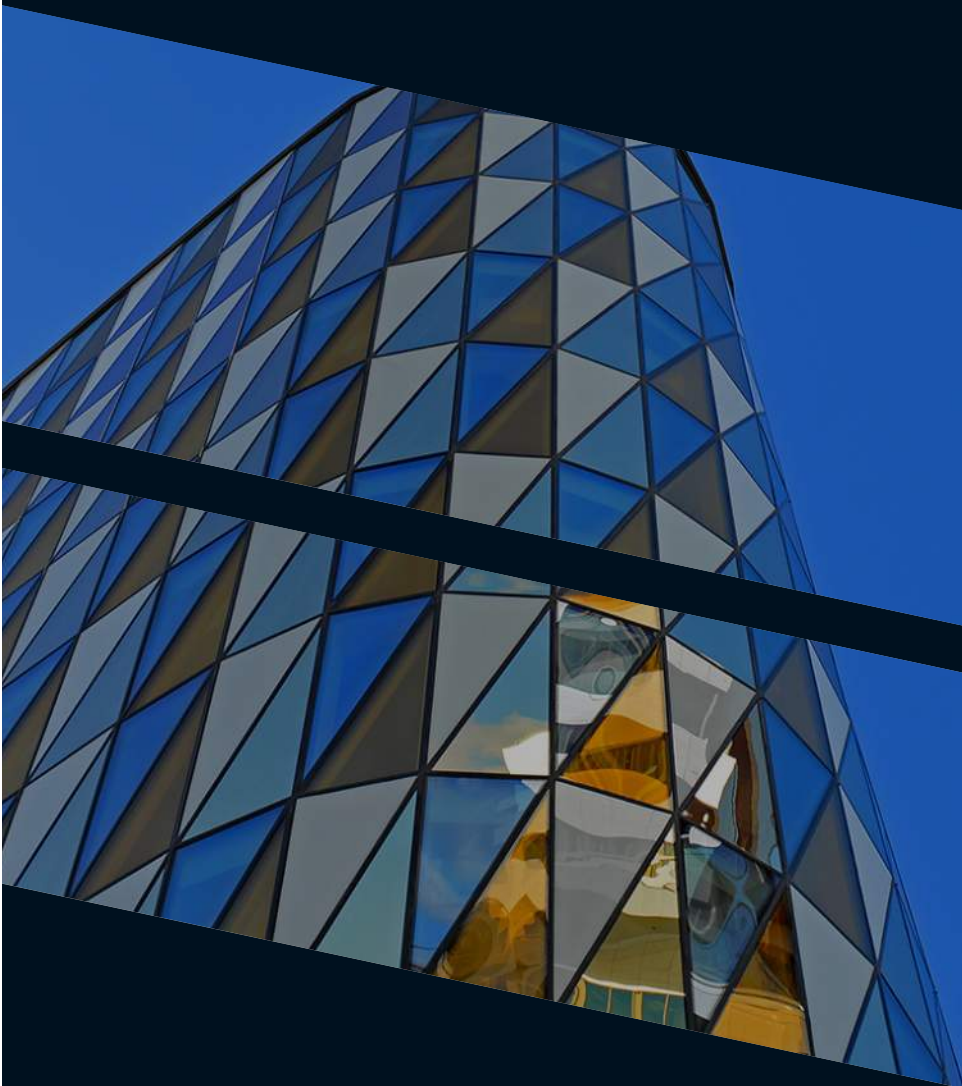

***(partial list from SEA-WI bylaws; full bylaws are online)**

SEA-WI Minimum Event Calendar

Goal is to provide members with the opportunity to earn all required PDHs by attending SEA-WI Events

- 1.5 PDH Webinar January/ February (regional)
- 6 PDH Spring Conference April/ May (Milwaukee)
- 1.5 PDH Webinar June/July (regional)
- 1.5 PDH Webinar September/ October (regional)
- 4-5 PDH Fall Conference November (rotating)
- 1 "local" tour or similar event per region
- Ethics presentation every other year

\$80 annual dues offset by...
\$40 member discounts on each
of the two conferences

What Else?

Several new initiatives underway for the future

- 2019 STEM Expo on 11/9/19 at MSOE
- Young Member Group (YMG)
- Structural Engineer Emergency Response (SEER) Training -- in 2020

MSOE STEM EXPO

SEA-WI is partnering with other professional organizations, businesses, and contractors to advance science, technology, and math at the 2019 STEM EXPO.

SEA-WI will be providing a shake table for students to build Lego structures and test their lateral stability.

Date: Saturday, November 9, 2019

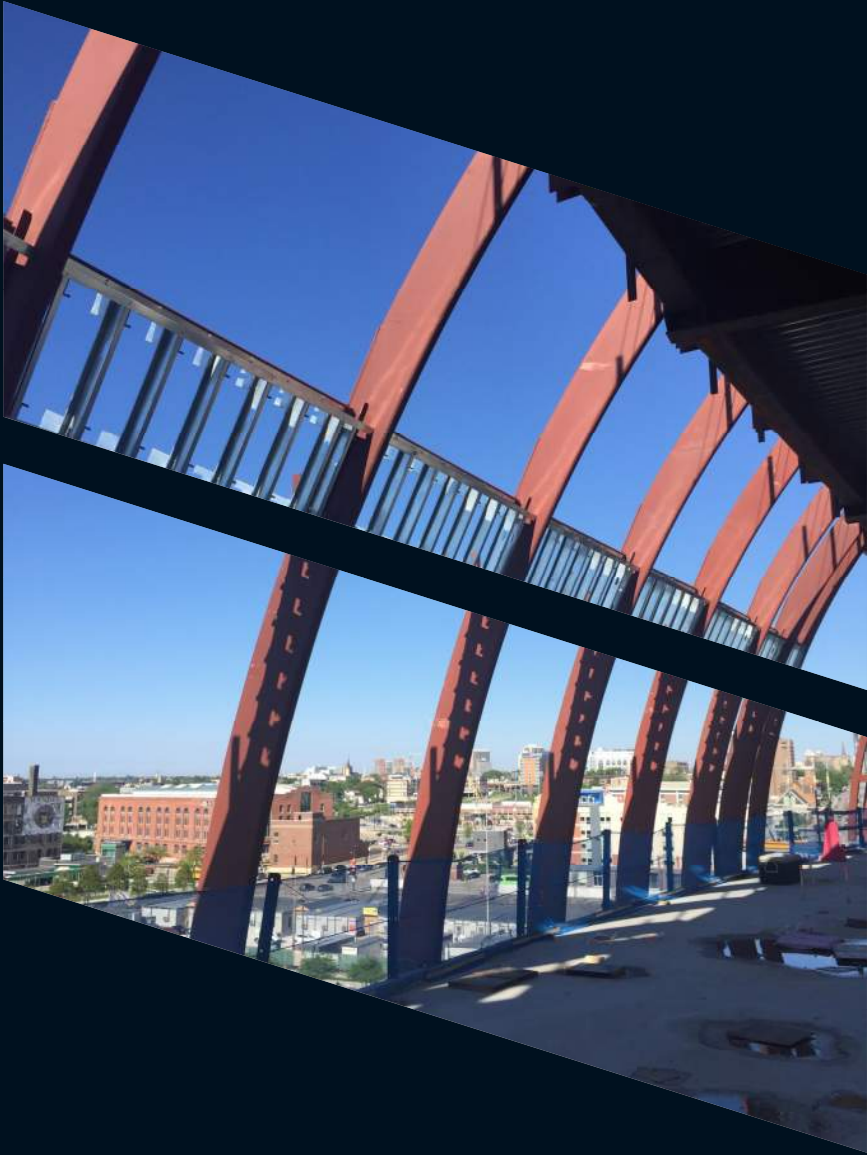

Time: 10:30 AM 3:00 PM

Where:

Milwaukee School of Engineering
Kern Center 1245 N Broadway
Milwaukee, WI 53202

Refer to email or send message to volunteer@seawi.org to find out more

Young Member Group (YMG)

New Initiative This Year

- Intent is to offer more resources for engineers as they make the transition out of school and into the profession
- Reaching out to MSOE, UW-Madison, UW-Milwaukee, UW-Platteville to make contacts and find out more about what YMG should offer
- Also have received inquiry about a Student Chapter at UW-Platteville

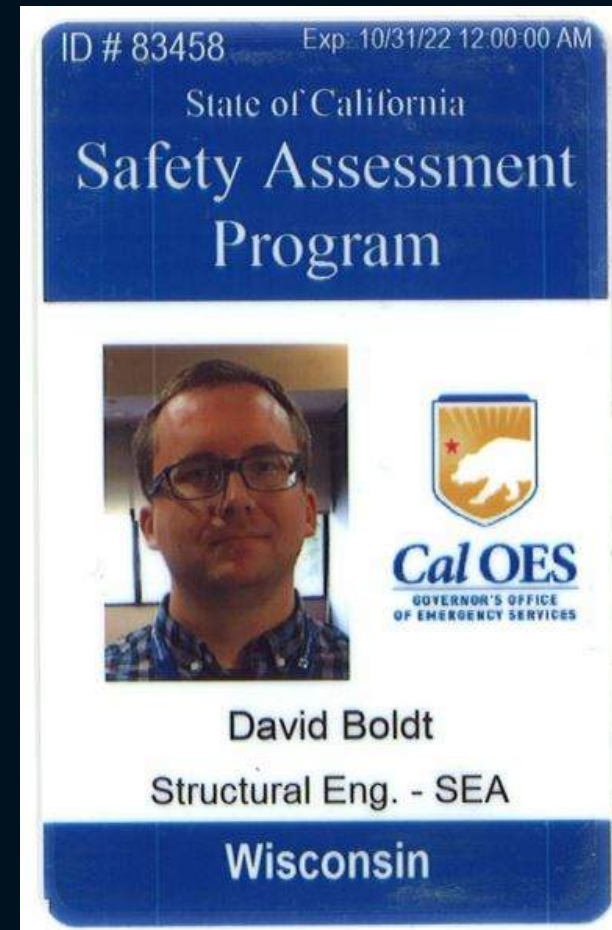

Look for upcoming emails or send message to ymg@seawi.org to find out more

Structural Engineering Emergency Response (SEER) Training

Typical CalOES training costs \$250-\$300
(even through NCSEA online webinar)

SEA-WI is in discussions with a trainer who would come to Wisconsin and allow us to offer training to 15-20 people at a much lower cost (targeting \$100 or so per person)

AIA-WI has been training their members and has an existing (relatively new) policy and procedure manual with Wisconsin Emergency Management

Look for future emails this winter with more info

One last thing...
